Exhibit A

The Company presents below a simplified organizational chart reflecting the Company's reporting structure, starting at the level of the Chief Operating Decision Maker ("CODM") and continuing through the group level management to show Senior Vice Presidents Operations and Executive Vice President ("SVP/EVP Operations"). This chart also includes the specific districts assigned to each SVP/EVP Operations as of December 31, 2017. As described in the Company's correspondence dated January 2, 2018, one SVP Operations retired from the Company effective January 1, 2018 and the districts he was responsible for were allocated to the remaining SVP/EVP Operations in line with the Company's succession planning. The Company further advises the Staff that the number of districts it operates varies from time to time, and, as described more fully in the Company's letter dated January 2, 2018, depends on a number of factors, including the number of concessions the Company operates at any given time.
